MOORLANDS is a private home for older people situated in the prestigious west end of Darlington, overlooking the popular Stanhope Park and less than five minutes walk from the town centre.

The home still features a lot of the original Victorian character and grandeur whilst constantly being updated and decorated on a rolling programme where our aim is to create a cosy family atmosphere.

Moorlands is registered with Darlington Social Services for nineteen residents in seventeen single and one shared room with many rooms having en-suite toilets. Twenty four hour care is provided by staff carefully chosen to uphold the aims and objectives of Moorlands in providing a safe, comfortable and caring home environment for those older persons who feel that for reasons of age, frailty or simply loneliness, they are no longer able to live in their own homes. Care is available as required, (as discussed with the resident to create individualised care plans) whilst independence is encouraged and privacy & dignity respected. Residents can personalise their room with possessions including, where possible, items of furniture if so desired.

All residents are encouraged to pursue as active a private and social life as possible with assistance provided by staff when needed. Outings are arranged and entertainment takes place within the home, including parties to celebrate special occasions such as birthdays. Visits from friends and relatives are welcome anytime and meals will be provided as necessary. :- Entertainment ranges from quizzes to singers to gentle foot and hand massages! We even have a hairdresser on site (Small charges do apply) so we really do have something for everybody.

Our aim at Moorlands is to provide a caring, person-centred, homely environment in which to spend your later years. A home to call your own, where your views will be listened to and incorporated into the running of the home.
